1. EVENTS ON WHICH BETS ARE ACCEPTED

We only accept bets on approved sporting events, numbers betting or special events as listed in these House Rules or where the bet has been agreed and authorized by the Company Trading Department. Any bets accepted in error and not so authorized or covered will be declared void.

Due to the current COVID-19 protocols being used by each individual Sports League, please be aware that wagers based on season start dates and length, game length, game time, number of games played, players eligible and any other type of wager available may be affected. Seasons, games, or players being altered, shortened, cancelled or declared out due to the COVID-19 Pandemic may include but not be limited to a “No Action” refund depending on the type of wager that was placed. For any questions please contact Customer Support or see a Sportsbook Employee for clarification.

2. MAXIMUM Winnings

The maximum winnings categories listed below apply to bets placed online. The maximum winnings categories are in U.S. Dollars. A bet is accepted on the basis that it is the investment of one customer only and the following are the maximum amounts that can be won (excluding stake) by a customer in one day’s betting regardless of stake.

Where bets have been placed on different days, the maximum amount that can be won in one day’s betting is determined by the day on which the final event on each bet is resolved, rather than the day on which each individual bet is placed.

1. SPORT MAXIMUM PAYOUT
   - $25 Million

3. NON-RUNNERS / NON-PARTICIPANTS AND VOID SELECTIONS

When a selection is made void or does not run, then in single bets the stake will be returned. In accumulative bets the stake will run on to the remaining selection(s) with a two-leg parlay becoming a straight, a three-leg parlay becoming a two-leg parlay and so on. Unless a specific reference is made in the individual section that covers the sport, abandoned or postponed events are void. However, bets in markets that have already been resolved at the time of abandonment, such as ‘first touchdown scorer’ etc. will stand.

4. DEAD HEATS

In a DEAD HEAT the stake money on a selection is divided by the number of runners or competitors involved in the dead heat. The full odds are then paid to the divided stake, with the remainder of the stake money being lost.

5. RELATED CONTINGENCIES

Accumulative/multiple bets are not accepted where the outcome of one part of the bet contributes to the outcome of another. If taken in error, the stake will be invested on the selection with the largest price. Where two or more selections are quoted at the largest price, the stake will be divided equally between them. However, where the related parts of the bet are resolved at different times, unless ‘special double’ or ‘special accumulative’ odds are available, bets will be settled as instructed with the odds for the second or subsequent legs being determined at each individual stage.

6. SPORTS GOVERNING BODIES

It is a condition of our acceptance of bets from you that, and by offering to place a bet with us, you represent that:

a. You are not prohibited from entering into the bet by any term of your contract of employment or other professional contract or any rule of a Sports Governing Body, which applies to you.

b. You are not aware of any circumstance which would make the placing of the bet a breach of a rule on betting applied by a Sports Governing Body.

c. Where the bet is placed on the outcome of a race, competition or other event or process or on the likelihood of anything occurring you do not know the outcome of the event or have not been involved in events which adversely affected the potential outcome.

d. In the event of any such representation by you proving to be false your stake will be forfeited and we shall not be obliged to pay any winnings which might otherwise have been payable in respect of the bet.
e. We have a memorandum of understanding with Sports Governing Bodies where we will share information with them where there is suspicious betting, or where we identify bets that have not been placed in accordance with our rules for Sports Governing Bodies.

7. DATA SUPPLIED BY A THIRD PARTY

Please be aware that data such as current scores, time elapsed etc. that is displayed on our site or on our text screens is sourced from a ‘live feed’ provided by a third party and may be subject to time delay and/or be inaccurate. If you rely on this data to place bets, you do so entirely at your own risk and The Company accept no responsibility for any loss (direct or indirect) suffered by you as a result of your reliance on it.

8. RIGGING

We reserve the right to withhold payment or void any bet(s) if we have any reasonable suspicion and/or evidence that the prices or the pool have been manipulated or where a race, event or match has been rigged and this reasonable suspicion and/or evidence has caused us to report the match to the proper regulatory authorities. Evidence of the above may be based on the size, volume or pattern of bets placed with The Company across any or all our betting channels.

9. TIME OF ACCEPTANCE

If betting InPlay is available, bets will stand and be settled at the current InPlay price at the time the bet was struck. Where betting InPlay is not available, any bet that is inadvertently accepted after this time will be void, unless we are satisfied that the bet was placed before the actual start of the event, except in the following circumstances: on a Golf event up to 15 minutes after the start time; a Soccer match up to 15 minutes after the start time, provided there has been no goals scored or players sent off and any of the following sports events up to 5 minutes after the start time: Football; Baseball; Basketball; Cricket; Cycling; Darts; Ice Hockey; Rugby; Tennis.

10. INPLAY BET ACCEPTANCE

For the purposes of security and integrity, InPlay bets (meaning events that have already started) are subject to an automated time delay prior to acceptance.

Prior to clicking “place bet,” if the price changes on a selection, the price will update automatically in your bet slip. After clicking place bet, if there is a minor price change resulting in a higher payout on a selection, the bet will be accepted at the new price. If the price changes by more than 5%, the bet will not be placed and it will be re-offered in the bet slip at the new price. Upon being re-offered, customer must click “Accept Odds Change” button to confirm new price prior to placing bet. A bet will never be placed at worse odds if the point spread, total or any additional market sees an adjustment to the line. Price change thresholds are subject to review and change with regulatory approval.

A betting market may be suspended when something of significance occurs or is likely to occur (ex: goal, touchdown, ejection, etc). Betting markets may also be suspended due to the time elapsed in the match, the market becoming uncompetitive or for technical reasons. The above examples are not exhaustive and there may be other reasons that are not listed. While a market is suspended, bets cannot be placed and cashout may not be available.

11. OBVIOUS PRICE OR TERMS ERRORS

We do all that we can to avoid errors, however we cannot accept responsibility for obvious errors, also referred to as palpable errors, or omissions in respect of the announcing, publishing or marking of prices, spreads, or results that occur despite our every effort to ensure total accuracy.

1. A non-exhaustive list of “obvious errors” is as follows:
   - the prices/terms offered are materially different from those available in the general market at the time the bet was placed;
   - the prices/terms offered at the time the bet is placed are clearly incorrect given the probability of the event occurring;
   - odds or terms of a bet have been misquoted as a result of human or system error;
   - where we have continued to accept bets on a game which should have been suspended, including where the relevant event is in progress or had already finished;
   - where an error is made by us as to the amount of winnings/returns that are paid to you, including as a result of a manual or computer input error.
   - where markets are created and graded for an event or matchup that does not take place.
2. We reserve the right to correct any obvious error made on a bet placed in one of our betting InPlay markets and settle at the correct price or terms, which were actually available with The Company (absent the obvious error) at the time the bet was struck.

3. When a bet is placed on a market offered before an event has started and more advantageous odds or terms than those actually available with The Company are applied, we will either settle the bet at the correct price or terms available with The Company.

Where the incorrect odds or terms are less advantageous than those available with The Company, the odds or terms will be amended to the correct odds or terms available.

Example: The Company briefly displayed live odds of New York Rangers -500 | Draw +400 | Philadelphia Flyers +300 with the live score Flyers 3, Rangers 1. You placed a bet on the Philadelphia Flyers to win the game at +300. Could my bet be overturned at this price?

Yes, because the odds for both teams could be transposed. If this was an obvious error because the odds are materially different from that available in the general market and are clearly incorrect given the probability of each team winning the game, this bet could be void.

12. CASHOUT

Cashout gives the opportunity to settle a bet at the value displayed before the market is resulted on mobile.

1. Cashout is available for a range of markets both Pregame and InPlay if the bet is still running and betting is still available on every unsettled selection. If a parlay bet is made up of both Pregame and InPlay markets, cash out will apply to each applicable leg.

   - Example: for a match goals over/under parlay placed live in Arsenal v Liverpool and before play in Chelsea v Stoke, cashout WILL be available during play in Arsenal v Liverpool and before play in Chelsea v Stoke.
     Cashout WILL NOT be available during play in Chelsea v Stoke.

2. Cashout is available on selected markets if the bet is still running and betting is still available on every unsettled selection for all bet types, including parlays, teasers, round robins, etc.

3. Bets can be cashed out when the cashout value indicates as such.

4. Cashout can be accessed in the open bets tab. A pre-determined settlement value will be offered based upon the selections, prices taken and current status of the betting transaction.

Example:

   - A $5 parlay is placed on West Ham, Everton, and Tottenham.
   - West Ham and Everton both win their matches and Tottenham is due to kickoff next.
   - A cashout settlement value will be offered on completion of the West Ham and Everton matches, before kickoff and during play of the Tottenham match providing betting is still available. The cash settlement can be redeemed immediately.

5. The cashout settlement value is non-negotiable.

6. Bets will be capped at the maximum cash in settlement value of $25,000.

7. If the cash in my bet settlement value changes during a settlement transaction, the transaction will not complete and a revised settlement value will be offered, which will have to be accepted before proceeding.

8. Where an obvious pricing error, also referred to as a palpable error, occurs that selection may not be cashed out.

   - If the cashout settlement value has been accepted in error, the cashout transaction will be made void and the bet will be settled on the original bet instructions with the correct price(s) applied.
   - If subsequent attempts are made to place bets and cashout on the same market(s) before the obvious error has been corrected then, the cashout settlement value and the bet stake(s) will be made void.

9. Cashout is an automated facility and is subject to the availability of betting. Therefore, if betting is not available on any market with the given bet, a cashout settlement will not be offered.

10. Cashout may be affected if your bet triggers a promotion. See individual promotional terms for details.

13. TEASERS

A teaser consists of 2-to-8 Football or Basketball events parlayed together with adjusted spreads and/or totals with special odds applied. Odds are calculated by a table (link to table here, but copied below).
1. If a teaser wager is reduced to one live leg (due to a push, void, etc), a wager with a winning selection will be paid out at -260 odds.
2. Teasers can only be placed on main, full-game spread and total markets.
3. For cross-sport teasers, the lowest odds are applied.

2. Free Bets can only be spent on sports wagers as specified by promotional Terms and Conditions and are subject to our Standard Promotional Terms and Conditions.
3. Free Bets can be viewed under the “Bonus Activity” menu in Account Settings.
4. Free Bets have no cash value and may not be redeemed for cash or Company account credit.
5. Free Bets are non-refundable, and may not be exchanged, substituted or transferred.
6. Free Bet stake is not included in any winnings from a redeemed Free Bet.
7. Free Bets cannot be redeemed on wagers that would split a Free Bet between multiple results including, but not limited to round robins, full covers, and/or certain specialty wagers.
8. Wagers placed with Free Bets that are canceled, voided, or graded “tie” do not automatically result in any Free Bet being returned to a patron’s account. The Company, in its sole discretion, may choose to refund such Free Bets. In the event that a Free Bet bonus is refunded due to a wager placed with a Free Bet being canceled, voided, or graded tie, the Free Bet will be re-added to a patron’s account within 5 business days. Refunded Free Bet bonuses expire within 7 days of the time they are refunded unless otherwise specified by Terms and Conditions.
9. The Estimated Return on the Bet Slip indicates the expected amount a winning Free Bet will return.
10. A Free Bet bonus cannot be partially redeemed. If you attempt to place a wager for lesser total stake than the value of your free bet token, you will not receive any further free bet tokens.
11. Free Bets are valid for 7 days unless otherwise specified in the Bonus’ details in the 'My Account' section of a patron’s Company Account. If Free Bets are not used within their expiration date, they will automatically expire and be removed from a patron’s Company Account.
12. Free Bets cannot be redeemed or used for any Company product other than eligible sports wagers.
13. Use of a Free Bet(s) does not count toward the minimum wagering requirements of any promotion. Only wagers placed with real money are counted toward the wagering requirements of any promotion.
14. The Company may, at its discretion, limit the maximum number of Individual Free Bets and/or the maximum combined value of Free Bets a patron may simultaneously have active at any time.

15. Same-Game Parlay Rules

1. If any leg of a Same-Game Parlay bet relates to an existing market on site, rules for that market will apply. For example, if a Same-Game Parlay bet includes a player to score an anytime touchdown & the selected player scores only scores via passing touchdowns, this bet will be graded a loser because the Anytime Touchdown Scorer rules do not include touchdowns scored as a passer.
2. If any leg of the Same-Game Parlay bet is made void or settles as a push, then the whole bet would become a void or a push. The exception to this is if the outcome of the bet requested can still happen.
3. A Same-Game Parlay bet may contain up to 10 legs. Same-Game Parlays do not support wagers with more than 10 legs.
4. A Same-Game Parlay bet must be placed from a single game. Same-Game Parlay wagers cannot be combined across multiple games.
5. If part of the bet requested consists of one of two named players to score at any time during a game, bets placed on that market will stand if one or both of those players play any part in that game.
6. Pursuant to N.J.A.C § 13:69N-1.11 relating to patron wagers, a prohibited sports pool participant, or the direct or indirect legal or beneficial owner of 10 percent or more of a sports governing body or any of its member teams, shall not be permitted to wager on any event governed by the league or sports governing body with which they are affiliated. Any employee of a sports governing body, or one of its member teams, who is not a prohibited sports pool participant shall register with the Division prior to placing a sports pool wager.

16. Duplicate Events
1. When multiple/duplicate versions of the same game are shown (excluding doubleheaders and other instances where two events are intentionally played on same day), the operator has the ability to cancel any correlated wagers placed on both/multiple events.
   i. Rule applies whether duplicate events contain same or different markets/prices.
2. Straight wagers placed on duplicate event markets will be settled in line with standard House Rules.

c. No winning wager will be paid without the customer copy of the wagering ticket, except for lost, stolen or unreadable tickets which will be honored as stated below.

d. Management is not responsible for lost, stolen, altered or unreadable tickets. For all lost, stolen or unreadable tickets where the rightful owner cannot be immediately determined the waiting period for honored claims will be 365 days from the date of event before processing for payment if applicable.

e. Winning tickets are void after 365 days from conclusion of the event.

21. DEFINITION OF "ACTION"

a. Except as noted below or otherwise specified, all events must be held within seven (7) days of the scheduled date to be considered “action.” For example, if a game is postponed on a Saturday, it must be completed by the following Friday.

b. BASKETBALL, BASEBALL, SOFTBALL, HOCKEY, FIGHTS (boxing and mixed martial arts), SOCCER, RUGBY, AUSTRALIAN RULES FOOTBALL, HANDBALL and VOLLEYBALL games must be played on the date scheduled for “action.” If a game is postponed and/or rescheduled to a later date, said game will automatically constitute “no action”, unless otherwise specified.

f. Any straight wager deemed “no action” will be refunded. If a parlay has a leg that is deemed “no action”, the parlay will reduce by one selection (i.e., 4-team parlay becomes a 3-team parlay, 2-team parlay becomes a straight wager).

g. For player proposition bets to be considered “action”, the following criteria must be met:
   i. Football – player must play
   ii. Baseball – player must start
   iii. Basketball – player must play
   iv. Hockey – player must play
   v. Soccer – player must start. Additionally, extra time and penalty kick shootout statistics are not included for proposition wagers.

h. For season long player statistical leader and award futures, players must play in at least one regular season game for “action”.

22. DEFINITION OF “OFFICIAL”

a. BASEBALL (major league, minor league, and college): In all nine-inning scheduled games, winners and losers are “official” after nine innings of play unless the home team is leading after eight and one-half innings or the game is tied at the end of 9 innings and goes into extra innings.

If a game goes to extra innings, winners and losers are “official” after the winner is decided after a full inning of play if the visiting team is ahead, or after the home team has scored to win the game.

   i. Called/suspended games must go a minimum of five innings, or four and one-half innings if the home team is ahead.

   ii. The called/suspended games rule also applies to seven-inning scheduled games.

   iii. For bets on the pregame money line, if a game goes past five innings and is subsequently called/suspended, the winner is determined by the score after the last full inning of play, unless the team batting second scores to tie, or takes the lead in the bottom half of the inning, in which case the results are determined by the score at the time the game is called.

   iv. For first 5 innings wagers, if a game is suspended in the bottom of the 5th inning with the home team ahead, all money line bets will be posted as official at the time of suspension, with the total being refunded.

b. SOFTBALL (major league, minor league, and college): In all seven-inning scheduled games, winners and losers are “official” after seven innings of play unless the home team is leading after six and one-half innings or the game is tied at the end of seven innings and goes into extra innings. If a game goes to extra innings, winners and losers are “official” after the winner is decided after a full inning of play if the visiting team is ahead, or after the home team has scored to win the game.

   i. Called/suspended games must go a minimum of five innings, or four and one-half innings if the home team is ahead.

   ii. For bets on the pregame money line, if a game goes past five innings and is subsequently called/suspended, the winner is determined by the score after the last full inning of play, unless the team batting second scores to tie, or takes the lead in the bottom half of the inning, in which case the results are determined by the score at the time the game is called.

c. BASKETBALL (WNBA, college and international): After 35 minutes of play.
d. BASKETBALL (NBA): After 43 minutes of play.

e. FIGHTS: When bell (buzzer, etc.) is sounded signifying the start of the opening round, the bout is considered “official”, regardless of the scheduled length.

f. FOOTBALL (both college and professional): After 55 minutes of play.

g. HOCKEY (both college and professional): After 55 minutes of play.

h. SOCCER: After 90 minutes of play.

i. AUSTRALIAN RULES FOOTBALL: After 75 minutes of play.

j. LACROSSE (both college and professional): After 55 minutes of play.

k. RUGBY LEAGUE and RUGBY UNION: After 80 minutes of play.

l. VOLLEYBALL (both college and professional): Match must be fully completed for action.

m. HANDBALL: After 60 minutes of play.

n. CHESS: Match must be fully completed for action.

o. AUTO RACING: A race must be completed or deemed official by the governing body, and a winner declared within seven (7) days of the start of the race to be considered “official”. If an event does not start, as long as the event finishes within the particular season, all bets are “action”.

p. GOLF: A tournament must be completed or deemed official by the governing body, and a winner declared within seven (7) days of the start of the tournament to be considered “official”. If an event does not start, as long as the event finishes within the particular season, all bets are “action”.

q. OTHER: All other contests that involve a scheduled length of play or time limit must play to their conclusion or have five minutes or less of scheduled playing time remaining when the contest concludes to be considered “official” unless otherwise specified.

23. DETERMINING THE WINNER

a. The winner of an event or game will be determined on the date of the event’s conclusion. Management does not recognize suspended games, protests, overturned decisions, changes to the score, etc. any time after the date that the event was completed. Management, at its sole discretion, may delay payment of winning wagers if the final score is questioned or challenged.

b. The winner of an event or proposition wager that occurs while a game or match is in progress will be used to determine the winner as soon as the event is complete, regardless if the game or match is played to its conclusion, unless otherwise specified.

c. If conference or division alignment is changed for any reason, the original futures on those specific categories will be deemed “no action”.

d. If a league declares a championship, conference, division, award or any other category a winner, all bets on the winning team (or player) will be paid out regardless of team relocation, name change, or changes to regular season schedules or playoff formats, and regardless of when they are determined as long as they are designated winners by the league in a particular season.

**Match Betting**

1. Predict the team who will win the match in normal time.
2. All Australian Rules bets are settled on 80 minutes play unless otherwise stated. If the match result is a draw, stakes will be refunded unless a price is quoted for the draw.

Example: A $400 bet on the Richmond Tigers Money Line at -400 will win $100 if Richmond wins.

**Spread Betting**

1. Predict the team to win the match once the point spread has been applied to the actual scores.
2. Bets are settled on 80 minutes play.

Example: Western Bulldogs +8.5 vs Collingwood Magpies -8.5. A spread bet on Collingwood -8.5 would win if Collingwood wins the match by 9 points or more. The bet loses (and the Western side wins) if Collingwood fails to win by 9 points or more.

**Abandoned/Postponed Match**

If a match is abandoned or postponed to another day, bets are void.

Example: A -400 Money Line bet placed on Richmond vs Carlton will be void when the match is postponed from Saturday and played on Sunday.

**Tournament Winner**

1. Predict the winner of the tournament.
2. Bets will be settled on the official AFL standings immediately following the last match in the tournament and any subsequent amendments to the result will not affect bets.

Example: A $100 AFL Futures bet on the Brisbane Lions at +1000 will payout $1,100 on the day the Brisbane Lions win the Final.

Overtime counts unless otherwise specified. Overtime will count in halftime wagers, unless otherwise specified. Overtime will not count in any bets involving specific quarters.

Wagers for all full-game markets stand providing at least 55 minutes of play have taken place and an official result is declared, unless otherwise specified.

Wagers for all partial-game markets are action upon the completion of the specified period. For example, a 1st half wager is action if a game is postponed in the 2nd half; whereas a 4th quarter wager is void if the game is postponed in the 4th quarter.

Unless odds are quoted for a tie, any market in which the result is a wagering tie will be refunded.

When wagering on football regular season win totals (college and professional), teams must play the exact number of games on their schedule for “action”. If there is a change in opponent, if the team plays the originally scheduled number of games, those bets are still declared as “action”. For college football regular season wins, conference championship and bowl games do not count towards the win total.

For pro and college football exacta wagering, the team listed first must win the championship game and the second team must play in and lose the championship game.

For pro football championship game proposition wagers, please consult the customer sheets for all rules that govern specific bets.

Postponed Race

1. For NASCAR, Xfinity, Trucks and Indy Car series racing, races must be completed within 7 days from the initial start of the race, otherwise bets on that race will be voided if it is not completed in that time. These rules are NOT based on the scheduled start of the race. A race must be completed within the racing season, as long as that race is deemed an official part of the racing season by the particular governing body, no matter what date that race occurs in that season.
2. For all other motor racing events, in the instance of a postponed race, all bets placed on that race will be void. A postponed race can occur for a variety of reasons, though not exclusively; inclement weather and conditions, security, power failures.

4. If the race is brought forward, all bets placed on that race will stand.

A bet on Busch to win will be void if the race starts and is not completed or deemed official by NASCAR after 7 days of its original starting date.

Abandoned Race

In the instance where a race is abandoned, the following principles will be applied in settling bets:

1. If a winning selection in a specific market has been established before the abandonment of the race, bets will stand and settlement will occur as expected.
2. If a winning selection for a specific market has not been established at the time of abandonment all bets will be settled as void.
3. An abandoned race is deemed to be where a race is halted immediately on the instruction of the race officials and not completed on the same day in local time and with no driver being declared race winner. For NASCAR, Xfinity, Trucks and IndyCar racing events, the race must be completed within seven days from the initial start otherwise bets will be declared void.
4. A race that has the scheduled number of laps reduced on the instruction of the race officials and where a driver is declared race winner will not count as having been abandoned.
5. In the case of an abandoned race, any subsequent rescheduled race or award of the race by governing bodies will not count toward settlement.

Example: A bet on Joey Logano to win the Auto Club 400 will be void if the race is abandoned prior to an official winner being declared. If Logano is named the official winner despite the race being called early, then Logano bets will be paid out as winners.

2. A match is deemed to have started with the first serve of the match.

   - A bet placed on the pre-game money line, where bets will stand provided there are at least 5 full innings of play unless the team batting second is leading after 4 ½ innings. If the game is called or suspended after this point of the game is reached, then the winner is determined by the score after the last full inning (unless the team batting second scores to tie or takes the lead in the bottom half of the innings, in which case the winner is determined by the score at the time the game is called).
   - With the exception of MLB playoff games, suspended games do not carry over.

A fight is defined as having started once the bell is sounded for the beginning of the first round.

Should there be a withdrawal or a substitution of one of the boxers concerned, bets will be void.

In the event of a no contest being declared or a technical draw being declared within the first four rounds, all bets will be made void unless the outcome of a particular market has already been decided.

If a bout is postponed, bets are void with the exception of the Olympic Games, where bets will stand on the bout if it is fought before the closing ceremony.

The bell will signal the end of a round and the bell being sounded again will signal the start of the next round. 4. If a boxer withdraws during the period between rounds, the fight is deemed to have ended in the previous round.
5. The start of the next round will be signified by the bell ringing and fighter to leave his corner.
6. The bell will signal the end of a round and the bell being sounded again will signal the start of the next round. TKO is also the method of result when a fighters corner ends the fight/throws in the towel or a fighter does not get up from his stool to re-engage.
4. DQ is defined as the fight being stopped by the referee after one fighter has either repeatedly or seriously violates the rules of the bout. The disqualified fighter automatically loses the fight.
5. A Technical Decision is declared when a fight has to be stopped after an accidental injury is suffered by one of the fighters. **Total Rounds**

3. If for any reason the selected number of rounds on which we're betting is changed, bets will stand on all markets unless change results in one selection becoming impossible to win, in which case market is void.
   a. Example: Fight set for 12 rounds with total rounds line of 10.5 is changed to a 10-round fight. Bets on original 10.5 market line are void because Over 10.5 is impossible to win.

**Tournament Winner**

1. Predict the official winner of the tournament.
2. Bets will be settled on the official standings immediately following the last bout in the tournament and any subsequent amendments to the result will not affect bets. 3. When a game is scheduled to play for a shorter duration, as agreed by the laws of the competition or by both sides prior to start, bets placed on these games will be settled at the end of the agreed game length. This includes any injury/stoppage time added on by the referee at the end of normal time. Overtime and penalty shootouts do not count unless otherwise stated.

**Match Betting**

1. The terms “match result” and “match betting” mean the outcome of the match in normal time played, namely home win, draw or away win.
2. The terms normal time, full time, and 90-minutes play are all used to denote the period of play. This includes any injury/stoppage time added on by the match official at the end of normal time. Extra time and penalty shootouts do not count unless otherwise stated.
3. Pre-match betting is a bet defined as a bet placed before an event has started.
4. In the event of a match not being played over two 45-minute halves, settlement will be as follows (unless specifically stated in the event):
   - All markets where a winning selection has been established will be settled as normal.
   - All markets where there is no established result (including the 90 Minutes market) will be made void.
   - The exception to the above rule is where a match is played over 90 minutes, but split into periods (three 30 minutes, for example). All bets will be settled as normal apart from those that refer specifically to half betting, which will be made void.
   - This includes any injury/stoppage time added on by the match official at the end of normal time. Extra time and penalty shootouts do not count unless otherwise stated.
5. When a match is played at a neutral venue, the team listed on the left will be classed as the home team for settlement purposes.
6. Settlement will occur in real time based on the feed from our service providers.
   - In the event of a dispute, settlement will be determined using data published immediately after the final whistle. If data is not available or if there is significant evidence that the data is incorrect, bets will be settled based upon such reputable alternative information sources which are available to us.
   - Adjustments to settlement for any changes or adjudications made by governing bodies after the event will be made by 6:00am EST the following day. This includes changes or adjudications made by governing bodies, pools panels, player committees etc.

   - Bets placed will be settled from the feed supplied by our service providers, which will be based on the official competition rules, immediately after the completion of all matches on the final day of the season or end of season playoff, if applicable.
   - Adjustments to settlement for any changes or adjudications made by governing bodies after the event will be made by 6:00am EST the following day. This includes changes or adjudications made by governing bodies, pools panels, player committees etc.
   - Cup or tournament winners will be determined by the official rules of the respective governing body. Bets placed will be settled immediately after the team being awarded/lifting the cup/trophy.
2. When a price is quoted for a team to qualify from a group within a tournament or cup competition, bets placed on that market will be settled immediately following the completion of all matches in the respective group in accordance with the official rules of the respective governing body.

3. When a price is quoted for a team to qualify for the next round of a given tournament, bets placed on that market will be settled immediately on completion of the full duration of the match, based upon the events that occur during the match. This will include normal time, injury/stoppage time added on by the match official at the end of normal time, extra time and penalty shootouts should the match progress as such.

4. When a price is quoted for a team to qualify for the next round of a given tournament over two legs, bets placed on that market will be settled immediately on completion of the second match based upon the events that occur during both matches. This will include normal time, injury/stoppage time added on by the match official at the end of normal time, extra time, away goals if applicable, and penalty shootouts; should the match progress as such.

5. Adjustments to settlement for any changes or adjudications made by governing bodies after the event will be made by 6:00am EST the following day. This includes changes or adjudications made by governing bodies, pools panels, goal committees etc.

InPlay Betting & Scoreboards

Although we make every effort to ensure all live InPlay notifications displayed are correct, information (such as score and time of match) is intended to be used as a guide and we assume no liability in the event of any information being incorrect.

Please be aware that live transmissions by some broadcasters can be delayed and that this delay can vary between customers depending upon factors such as their connection or buffering speed.

Postponed Matches

In the instance of a postponed match, all bets placed on that match will be void. A postponement is deemed to be where a match does not commence on the same day it is scheduled to do so. A postponed match can occur for a variety of reasons (though not exclusively); inclement weather and conditions, security/policing, power failures, crowd trouble.

1. As soon as we become aware of a postponed match, bets on that match will be made void.

2. Exceptions to these postponement rules are for matches played in the below competitions and tournaments. Bets will stand on the match if it is played within 2 calendar days of the scheduled match:
   - FIFA World Cup (Qualification and Finals)
   - UEFA European Championships (Qualification and Finals)
   - African Cup of Nations (Qualification and Finals)
   - Confederations Cup (Qualification and Finals)
   - UEFA Europa League or Champions League matches (Qualification and Finals)
   - Any UK domestic cup final/playoff match
   - Spanish domestic matches

   Bets will stand on the match if it is played before the closing ceremony:
   - Olympic Games

3. Where bets have been placed on a match that subsequently has its match day changed within the same round of matches owing to reasons such as TV coverage (though not exclusively), bets will stand as this change to the match date is not deemed a postponement.

Abandoned Matches

In the instance where a match is abandoned, the following principles will be applied in settling bets:

1. If a winning selection in a specific market has been established before the abandonment of the match, bets will stand and settlement will occur as expected.

2. If a winning selection for a specific market has not been established at the time of abandonment all bets will be settled as void.

3. An abandonment is deemed to be where a match is halted before the completion of the allotted match time and not played out to conclusion on the same day.

4. A match that is interrupted (ex: inclement weather), but then plays to a conclusion on the same day will not count as an abandonment and bets will be settled on the outcome at the end of the match.
5. In the case of an abandonment, any subsequent replays/completions, award of the match result by governing bodies or pools panel decisions will not count toward settlement.

6. Exceptions to these postponement rules are for matches played in the below competitions and tournaments. Bets will stand on the match if it is played within two calendar days of the scheduled match:
   - FIFA World Cup (Qualification and Finals)
   - UEFA European Championships (Qualification and Finals)
   - African Cup of Nations (Qualification and Finals)
   - Confederations Cup (Qualification and Finals)
   - UEFA Europa League or Champions League matches (Qualification and Finals)
   - Any UK domestic cup final/play-off match
   - Spanish domestic matches

   Bets will stand on the match if it is played before the closing ceremony:
   - Olympic Games

Examples:
- I placed a bet on correct score 1-0 and the game was abandoned at 0-0 in the 75th minute, what happens to my bet?
  This bet is void because no winning selection could be achieved because the full duration of the match is needed for 'correct score' to be settled.
- I placed a bet on the 90-minutes market for the home side to win the match. The game was abandoned in the 75th minute with the score 1-0, what happens to my bet?
  This bet, along with those on the 'draw' and the 'away' selections, will be void.
- I placed a bet on Messi to score the first goal, which he did, but the match was abandoned minutes later. What happens to my bet?
  This bet will be settled as a winner with bets on other players in the first goalscorer market being losing selections.
- If a game is abandoned in the 88th minute with the home side leading 2-0, what happens to my bet placed on the correct score 2-0?
  As the game had not completed, all bets on correct score market, along with other markets in which a winning selection has not been determined, will be void.

Change of Venue

If a venue is changed and is not published or known to us at the time the prices are advertised, bets placed on that match will stand providing the match is not switched to the opponent's ground, in which case bets placed on that match will be made void.

Match Kickoff Times

1. We accept pre-match bets on mobile up to the actual start time of the event. Bets that are accepted after the actual start time of an event will be settled at the current InPlay price/terms at the time the bet was struck.
2. These odds/terms will apply even if they are different to the price initially advertised when the bet was first presented.
3. Where InPlay betting is not available, any bet that is accepted after actual start time of an event will be void.
4. If parlay, teaser or round robin is reduced by void selections, the bet will stand and a six-leg parlay will be reduced to a 5-leg; a 5-leg will be reduced to a 4-leg, etc.
5. If a bet is accepted after a match/event has finished, the bet will be void even if a valid bet receipt is issued.

Related Bets Within the Same Event

Accumulative bets involving related bets, also referred to as related contingencies, within the same event are not accepted.
1. Related bets occur when combining two or more markets into an accumulative bet where the outcome of one market wholly or partly impacts upon the outcome of another, such as Manchester United to win 2-0 and Manchester United to win the match.

2. A special price parlay is offered combining related bets for a number of markets, such as scorecast, wincast etc.

3. If a bet is inadvertently accepted combining two or more bets where the outcome of one market wholly or partly impacts upon the outcome of another, the stake will be invested on the selection with the largest price. Where two or more selections are quoted at the largest price, the stakes will be equally divided between them.

4. Where the related parts of the bet are resolved at different times, unless special price parlay or special price accumulative odds are available, bets will be settled as instructed with the odds for the second or subsequent legs being determined at each individual stage.

Example:

- Can I place a parlay on Messi to score the first goal and Barcelona to win 2-0 at the combined individual odds quoted for each selection?

No, because if Messi scores the first goal the likelihood of a 2-0 win for Barcelona increases. This bet is available as a special price parlay in the scorecast market.

Related Bets for the Same Selection

Bets for the same selection to win more than one event, such as Chelsea to win the Premier League and the FA Cup, are only accepted when a special price is advertised. Accumulative bets for the same selection to win more than one event are not accepted at the individual odds quoted.

Special Price Parlay

A special price parlay provides one price combining two markets where it is not possible to multiply the odds as the outcome of one market wholly or partly impacts upon the outcome of another.

Duplicate Names

1. If there is more than one team or player with the same name and the selection has not been identified by either first name, team or qualifying price, the competitor with the lowest advertised price will be taken as the selection.

2. If one or more competitors are quoted at the lowest advertised price, then the stake will be divided between them.

Winning Selection Established in the Market

1. Bets placed are settled in real time, based on the feed from our service providers, as soon as a winning selection has been established in the market.

2. A winning selection has deemed to have been established in the market as soon as the time played in the remainder of the match cannot affect the outcome of the bet.

3. If a match is abandoned and a winning selection has been established in the market, bets placed on that market will stand win or lose.

4. If a match is abandoned and a winning selection has not been established in the market, bets placed on that market will be void as the match did not play for the full duration.

Club and International Friendlies

1. Friendly matches will not necessarily indicate a home and away team. All bets will stand regardless of the venue at which the match is played.

Minute Markets

What is a 1-Minute Market?

A minute market is exactly that, a bet placed on a certain event that will occur in a certain minute period in the event. Each bet will state which time frame has been selected (ex: 5th-6th minute and what will happen in this minute; goal scored, corner taken or flag shown). For settlement purposes, add 1 minute to the time on the clock for the actual minute the action took place.
example, if you’ve placed a bet on a card to be shown in the 6th minute, the card would need to be shown between 5:00 and 5:59. This is because 0:00-0:59 is the 1st minute. Please see below for a full minute-by-minute breakdown.

**What is a 5-Minute Market?**

The same principals apply to the 5-minute markets as do the 1-minute market, only over a longer period of time (the 1st 5 minutes would be 0:00-4:59 and so on).

1-Minute Markets Card Shown Live

Predict whether or not a card will be shown within the specified time period of the match.

1. Bets are settled on the events that occur only within the specified time period of the match.
   - Bets placed on the 1st minute will be settled from 0:00 to 0:59.
   - Injury time does not count. The 1-minute period 45:00 to 45:59 refers to the start of the second half only and does not include first half injury time. Likewise, the 1-minute period 89:00 to 89:59 does not include second half injury time.
2. Straight bets only will be accepted.
3. A red or yellow card must be shown within the specified time period of the match prior to the final whistle to count. A card will not count if an incident occurs within the specified time period of the match but a card is not shown until after the time period of the match has expired.
   - Only red or yellow cards shown to active players currently on the field of play prior to the final whistle will count. Cards issued retrospectively following a VAR review at halftime will not count. Cards issued after the final whistle is blown following a VAR review, or for any other reason, will not count.
4. InPlay bet acceptance rules apply.

Predict the result of a match after the handicap spread has been applied to the teams. A head start of one half or more goals will be given to one of the teams which will be added to the actual number of goals scored.

1. Whole goal handicap; a handicap of +/- one or more goals will be given to each of the teams which will be added to the actual number of goals scored. Bets placed will be void if the match ends in a draw.
2. Half goal handicap; a handicap of +/- 0.5 (half of one) or more goals will be given to each of the teams which will be added to the actual number of goals scored. Bets placed cannot end in a draw.
3. Split handicap; a handicap of +/- 0.25 (quarter of one) or more goals will be given to each of the teams. The stake will be divided equally between two bets, with one half of the stake placed on the whole handicap +/- 0.0 (scratch) or more and the other half of the stake placed on the half handicap 0.5 (half of one) or more, which will be added or subtracted to the actual number of goals scored by each team. The split handicap is always the half-way point between the whole handicap and the half handicap.

The split is shown as follows:

<table>
<thead>
<tr>
<th>Handicap</th>
<th>Whole goal handicap</th>
<th>Half goal handicap</th>
</tr>
</thead>
<tbody>
<tr>
<td>+/- 0.25</td>
<td>+/- 0.00</td>
<td>+/- 0.50</td>
</tr>
</tbody>
</table>

**To Reach the Final**

1. Predict whether a named team can reach the final of a tournament.

**Abandoned/Postponed**

1. If an event is abandoned, bets are void unless a winning market has already been established.
2. If a match in the Olympics or World Championships is postponed, bets stand provided it is rescheduled before the closing ceremony. Postponed matches in other competitions are void.
**Full Cover**

A Full Cover bet is a package of wagers that contains all possible multi-bet options based upon the given number of selections. These bets give you more options to win even if one or more of your straight bets lose.

Example: if you have 3 selections in your bet slip (Patriots, Eagles, and Falcons), then the Full Cover bet will consist of 3 straight bets, 3 round robins by 2’s (Patriots + Eagles, Patriots + Falcons, and Eagles + Falcons) and 1 three-team parlay. If the Eagles lose but Patriots and Falcons both win, your Patriots + Falcons round robin is a winner along with your 2 straight bets, but the other two round robins and the three-team parlay are losers.

For each Full Cover bet, the amount wagered is multiplied by the number of available options.
